COUNTY JAIL DELIVERY.

**Two Prisoners Make Their Escape
From Custody.**

**Postmaster Hansberg and Esperidion Murillo, the Pinos Altos Desperado,
Make a Break for Liberty.**

Last Friday afternoon about three o'clock two of the prisoners in the county jail concluded that their quarters were too confined and resolved to relieve the county of the expense of boarding them longer. They were in the corridor of the jail and it appears that they had no difficulty in prying the bars, which are supposed to secure the windows of the jail, apart far enough to allow them to make their escape.

Their absence was soon noticed and it was but a very short time before there were dozens of men looking for the fugitives on Legal Tender Hill which is full of old mine workings and which would be good places for all of the prisoners.

VALDEZ IN PRISON IN JUAREZ.

**The Murderer of Deputy Schutz Will Soon
Be Brought Here.**

Valdez, the Mexican who murdered Deputy Schutz on the way from Lordsburg to this place is in custody at Juarez and it is expected that he will be brought here and lodged in jail at no distant day. The necessary papers for his extradition have been sent to the governor of the state of Chihuahua and their return is expected at any time.

The circumstances surrounding the killing of the deputy will be remembered by the people of this county, as well as the search for the murderer.

The evidence against Valdez is direct and positive, Deputy Schutz being accompanied at the time by J. P. Ownby, of Lordsburg, who saw the whole affair.

The primaries for the selection of delegates to the county convention will be held by the democrats of this county on Saturday, September 8. The county convention will be held September 15, for the purpose of selecting eight delegates to be

BUILDING AT MOGOLLON.

**A Number of Houses in Process of
Construction.**

**The Town is Rising Phoenix-like From Its
Ashes—Notes From
the Camp.**

The people of Mogollon do not appear to be discouraged at the outlook, but are busily at work rebuilding the town and getting ready for a busy fall and winter.

The buildings which are going up now are of a much more substantial character than those destroyed by the recent fire and the town will have a much better appearance than it did before the fire.

Max Schutz is putting up a stone building which is 30x50 feet in the clear and when finished will be practically fire-proof.

J. C. Meader is putting up a building next to Max Schutz. This building is also of stone and will be about 25x50 feet.

M. C. Logan comes next and he is putting up a building about the same size as Meader but it will be two stories. This
